Tim Bentley voted Australia's best village manager

Living Choice, Australia's leading developer of resorts for the un-retiring over 55's, congratulates Tim Bentley, manager of Living Choice Broadwater Court, on being awarded RVA National Manager of the Year at the Annual Retirement Village Association National Conference held in Brisbane on 28 October 2010.

According to the judges, "Tim managed and participated in some extraordinary charity events and it is this unstoppable passion that drives him in his role as Village Manager where he believes residents simply want understanding, trust and respect. Tim also believes that with the right staff, drive, determination and empathy, he can make a difference in the lives of his residents".

Chairman of the Residents' Committee, Sir Ross Buckland, congratulated Tim on his outstanding achievement. "Tim came to Broadwater Court without experience in the Retirement Village industry. From the outset he worked closely with Peter James, my predecessor, the Chairmen of our Finance and House Sub-Committees and with our Executive Committee. Tim has developed an excellent rapport with residents and has been responsible for the introduction of various services at the village, including a visiting doctor, physiotherapist, podiatrist, hearing specialist, diabetes educator and hairdresser. We are delighted at Tim's recognition."

Congratulations Tim - Living Choice directors, staff and residents are proud of you!
