“The level of personal attention paid to each of the residents continues to amaze me and I am now able to rest assured that Mum is constantly in, not only capable, but caring hands.”
 Linda Matthews

TESTIMONIALS

I knew Mum would be happy here

"After my father died I was at a loss to replace the familiar, warm environment of home for my mother. It seemed increasingly impossible to replace the companionship of a lifetime companion for her, particularly for someone in her mid-eighties who now needed some extra domestic support.

After several unsuccessful attempts, I contacted Leisure Lea Gardens to investigate their supported care apartments. The moment I walked into the foyer area I knew that Mum would be happy here – for the first time after many disappointments the energy of the village seemed so buoyant and warm. In fact, I said to a friend, 'I think I could live here myself'.

Six months down the track Mum has indeed settled in and is back to her old self. However, probably the one most outstanding contributing factor to her comfort and one which I could not have predicted at the outset is the fantastic quality of the staff. The level of personal attention paid to each of the residents continues to amaze me and I am now able to rest assured that she is constantly in, not only capable, but caring hands.

I now know that she will continue to thrive in this friendly and nurturing environment."

Linda Matthews, daughter of Janet Grey, resident

Courtesy a number one priority

I am a resident at Leisure Lea Gardens Village in a Supported Living apartment. I have been here for four years and six months. I am totally satisfied with the care and I do not wish to leave here under any circumstances. Courtesy is a number one priority from all the staff. This includes kitchen, carers, office staff, the maintenance man and gardener. I recommend the village to anyone considering residency here. **Russell Gibbs, resident**

COMPREHENSIVE CARE AROUND THE CLOCK

Living Choice Leisure Lea Gardens in Marsfield is renowned for its wonderful, caring staff and friendly residents. You can relax and enjoy life, secure in the knowledge that there are people around you who care.

- Greengrocer:** Thursday
- Newsagent:** Daily

The best decision I have ever made

I came to Leisure Lea Gardens towards the end of 1984, so I am now in my 27th year as a resident and coming here was one of the best decisions I have ever made. When I came here there were only two blocks of self-care units so I was originally in one of them. After a couple of years the hostel and dining room were built and I moved into the hostel. The place has grown around me.

This is a wonderful place to live. The staff members are wonderful and care for all our needs and likes and dislikes in a way one could never imagine. This applies also to the kitchen staff and the food they prepare for us.

I always tell anyone who asks how I like it here that if residents are not happy here it's their own stupid fault! They can't blame anyone else. **Win Grecian, resident**

From house to new home

After living in a 3-bedroom home with granny flat for eight years, circumstances caused my wife and I to look further afield for retirement homes and villages.

Our first place looked promising but obstacles were raised, government departments had to be satisfied, another inspection, result N.F.A.

Our next home looked great, close to the shops and transport, but a phone call told us they would only keep the accommodation for 14 days (impossible) as we had to put the house on the market.

We were getting downhearted as we had looked at so many retirement villages. In August my wife and I looked at Leisure Lea Gardens and we liked what we saw.

The house was sold in November, we moved into Leisure Lea Gardens and we are both happy with the staff, facilities and accommodation. **John & Jean Dennis, residents**
